OUR CORE OFFER

- All pupils are taught by their class teacher via excellent targeted classroom teaching also known as Quality First Teaching
- For your child this would mean:
 - That the teacher has the highest possible expectations for your child and all pupils in their class.
 - That all teaching is based on building upon what your child already knows, can do and can understand.
 - At times the teacher may direct a class based teaching assistant, to work with your child as part of normal working practice.
 - Differentiated or scaffolded activities and different ways of presenting information are in place so that your child is fully involved in learning in class.
 - Specific strategies (which may be suggested by the SENCO or outside agencies) are in place to support children.
 - Your child's teacher will have carefully checked on your child's progress and may decide that gaps in their understanding/learning requires some extra support to help them make the best possible progress. All children in school may access this as part of excellent classroom practice.
 - Precision teaching for a smaller group of children may be used. This group, often called 'intervention groups' by schools, may be: run in the classroom or outside in a work area, run by a teacher or a teaching assistant who has had training to run these groups.
 - If needed, pupils have access to the support available from outside agencies e.g. Speech and Language Therapy (SALT), CAMHS, Occupational Therapy, Educational Psychology Services or other Local Authority support.
 - The SEN Code of Practice (0-25) promotes the use of a graduated approach Assess, Plan, Do, Review.

- Teachers plan, deliver then assess. If concerns continue then differentiated or scaffolded activities will be prepared. The SENDCo will be informed and a cause for concern may be completed.
- Parents can contact the SENDCo, Mrs Goodwin, before/after the school day. An appointment can be made to have an in depth conversation.
- We offer a variety of teaching styles, programs and strategies to enable pupils to achieve their full potential, This is our CORE offer available to all pupils.
- Parents can contact the class teacher before/after school or make an appointment to have an in depth conversation.

- SEND pupils will be included in all classroom activities. Their tasks will be prepared and marked by the class teacher or TA. They will be taught directly by the teacher wherever possible.
- We are fortunate to have a number of experienced teachers and teaching assistants on our staff and we share our expertise. Teachers may also seek advice from external agencies.
- We ensure that information about a child's SEN Support Plan or EHC plan is shared and understood by teachers and all relevant staff who work with that child.
- We will include parents and the child in writing SEN Support plans.

SEND PROVISION

- Class teachers, supported by the senior leadership team (SLT), make regular assessments of progress for all pupils. Where pupils are falling behind or not making expected progress given their age and starting point, extra support will be given.
- **Special Educational Provision is education that is consistently additional to or different from that of others of the same age**, i.e. provision that goes beyond the differentiated approaches and learning arrangements normally provided as part of high-quality, personalised teaching.
- Once a potential SEND need has been identified, school takes action to remove barriers to learning and put effective special educational provision in place. This is 'SEN Support' which takes the form of a four-part cycle – Assess, Plan, Do, Review. This is known as the graduated approach.

TRANSITION

Transition within classes/key stages:

Class teachers meet with each other to hand over all information regarding SEND pupils before the start of the academic year so that they are fully prepared for the child coming into their class. Where needed, SEND children will be given the opportunity for enhanced transition. A familiar adult may accompany them for a short period to ensure transition goes smoothly.

Transition to Secondary settings:

The majority of pupils who attend Hartburn Primary School transfer to Ian Ramsey School. We will communicate effectively with the receiving school(s), to ensure a smooth transition.

Transition with an EHC Plan in place:

The Annual Review recommendations, parents' views and the response to consultation by the LA with the schools concerned will be in place before the transfer. The SENDCo of the receiving school will be invited to attend the review meeting. During the term prior to transfer, liaison will take place between the pupil's Y6 class teacher and both SENDCos to enable a smooth transfer to the Secondary School to take place.
