

## Y3 and 4 Autumn Term Newsletter

In the Through the Ages project, your child will learn about three different periods of British prehistory: the Stone Age, Bronze Age and Iron Age. They will discover terminology relating to time and sequence dates to make a timeline. They explore the changes to people, homes and lifestyle throughout the different periods and investigate examples of prehistoric settlements, monuments, burials and artefacts in detail. They will also study how technology improved over time, including how the discovery of different metals changed the way that people lived

**English:** Pupils will be studying narratives, instructions, cinquains, chronological reports. **Please support us with reading, by regularly listening to your child read aloud at home and questioning them about what they have read and commenting in their Reading Record.**

**Maths:** Pupils will continue to develop their fluency and reasoning skills through solving problems in all four operations. **Please support us at home, by practising times tables with your child.**

**Science:** Pupils will learn about animal nutrition and the skeletal system.

**Art and DT:** Pupils will learn about contrasting and complementing colours. In addition, they will design and make prehistoric pots.

**History:** Pupils will find out all about Prehistoric Britain from the Stone Age to the Iron Age.

**Geography:** Pupils will develop a wide range of skills: fieldwork; using maps and analysing aerial images.

**French:** Children will studying 'Je me présente'. They will learn important vocabulary to be able to introduce themselves. Additionally, they will develop their reading, writing, listening and speaking skills.

**PE:** Children will develop skills in tag rugby and gymnastics. Please ensure that PE kits are in school.

### **Important dates:**
