In recognition of World Mental Health Day 2025, pupils across school have taken part in a range of activities including mindfulness, colouring activities and learning quotes which have a positive effect on their mental health.

Our school is proud to support the wellbeing of students, staff and parents by promoting awareness, understanding and open conversations around mental health.

By creating a safe and supportive environment, we aim to empower the school community to prioritise their mental health and seek support when needed.

**Stepping back in time !** Year 2 loved their trip to Preston Park! We played with old-fashioned toys, explored the old and new museum, and took a stroll around the Victorian Street.
